**Retention Rate**

Retention Rates measure the percentage of first-time students who are seeking bachelor’s degrees who return to the institution to continue their studies. The [College Navigator](#) website defines how the retention rates are calculated and provides the latest rates accordingly.

**Transfer out Rate**

The IPEDS definition for transfer out rate is the total number of students who are known to have transferred out of the reporting institution within 150% of the normal time to complete divided by the adjusted cohort.

The [College Navigator](#) website defines how the transfer out rates are calculated and provides the latest rates accordingly.

**Placement Rates**

Data used to calculate placement rates is obtained via various means that include methods such as surveys, faculty/staff reported outcomes, social media/internet searches, and in some cases through relatives of the graduates. Central Penn College was able to collect data on 92.9% for the class of 2017 (those graduating between July 1, 2016 and June 30, 2017). 84.1% of the graduates we were able to collect data on were employed in their chosen field or continuing their education. More information on the methodology used to collect data, the types of jobs our graduates hold, and/or where graduates have continued their education can be found in the college’s [One-Year Graduate Follow-Up](#) report.

**Graduation Rate**

IPEDS graduation rate tracks the progress of students who began their studies as full-time, first-time degree or certificate seeking students to see if they complete a degree or other award within 150% of “normal time” for completing the program.

An important side note is that not all students are tracked for these rates. Some students who have already attended another institution, or who began part-time are not included.
Central Penn College’s 4 year average Student Right-to-Know completion or graduation rate calculation is 41%. For more information on the college’s graduation rate please visit the College Navigator.

**Intercollegiate Athletic Program Participation Rates and Financial Support Data**

In accordance with the Equity in Athletics Disclosure Act, Central Penn College prepares an annual athletic report to the Department of Education on athletic participation, staffing, and revenues and expenses, by men's and women's teams and is made available to the students and the public.

**Student Demographics**

Central Penn’s student demographic percentages include all full and part time degree seeking students at both the undergraduate and graduate level. The information regarding ethnicity is based on self-reported information from students.

Per the Integrated Postsecondary Education Data System (IPEDS), full-time status is defined as 9 or more credits per term for graduate students, and 12 or more credits per term for undergraduate students. Due to rounding, percentages may not sum to exactly 100%. Data current as of the Fall 2017 Term as reported to the College Navigator through IPEDS.

The policy also applies to guests of any Central Penn student, regardless of the guest’s age. This “dry campus” policy applies to all students enrolled at Central Penn. Procedures for dealing with violations of the policy are presented under Judiciary Process.
Further, the possession, consumption, or provision of alcoholic beverages on campus is strictly prohibited, regardless of age. In Pennsylvania, it is also unlawful for person 21 or older to provide alcohol to a minor.

Employees and students must comply with current federal, state and local law prohibiting the use, possession, sale and/or distribution of any controlled substances or illicit drugs on Central Penn property or as any part of Central Penn activities.

Violations may lead to disciplinary action against the employee or student involved and may include discharge or dismissal. Such discipline may be administered in accordance with the established judicial policies mentioned earlier. Violators are also subject to prosecution by federal and state authorities, and if convicted, may suffer sanctions, including, but not limited to, fines and imprisonment.

Drug-Free Schools Act
Under Federal legislation entitled The Drug-Free Workplace Act of 1998, and The Drug-Free Schools and Communities Act of 1989 (“Act”), no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any federal program, including participation in any federally funded program to prevent the use of illicit drugs and abuse of alcohol by students and employees. The Act requires the annual distribution of the following information to students and employees.

Policy and Prohibition
To achieve the policy objective of providing a drug-free environment for all college students and employees, the College prohibits the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance on its property or as part of any of its activities.

Sanctions
Local, state, and federal laws make illegal use of drugs and alcohol serious crimes. Conviction can lead to imprisonment, fines and assigned community service.

In order to assure fair and consistent treatment of all students or employees who are accused of illegal use of drugs and alcohol, the college will handle all cases which come to its attention within the guidelines of the applicable policies and procedures of the college (e.g. Student Code of Conduct, Student Judicial Procedures, Staff Rules of Conduct and Disciplinary action) and where appropriate, local, state, and federal regulations.

Sanctions may be imposed on students or employees who violate federal or state laws, or Central Penn’s no alcohol and no drugs policies. Sanctions may include suspension or expulsion for students and, for employees, disciplinary action up to and including discharge.

Reporting Responsibility
Employees are obligated to report any criminal drug/alcohol statute conviction for a violation occurring in the workplace. Employees should report such information to the member of the President’s Cabinet for where they work. Students and student employees should report violations of this magnitude to the Human Resources Director (717) 728-2406.
Campus Crime Policies

Central Penn College is dedicated to providing a safe environment for students, faculty, and employees. Outlined in the Annual Security Report are the programs, policies, and procedures that may minimize the risk of criminal activity.

Sex Offender Registry

The Federal Campus Sex Crimes Prevention Act requires that colleges and universities advise the community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice of each institution of higher education in that state at which the person is employed or is a student.

To learn the identity of registered sex offenders, visit the Megan’s Law Website. The information provided here is intended to be in compliance with the Crime Awareness and Campus Security Act and is for safety purposes only. It should not be used to intimidate, threaten, or harass. Misuse of this information may result in prosecution.

Information for crime victims about disciplinary proceedings

Upon written request from the alleged victim of any crime of violence or non-forcible sex offense, Central Penn will disclose the results of any disciplinary actions taken by Central Penn against the student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of the crime or offense, the information shall be provided, upon request.

Vaccinations

Some programs at Central Penn College will require placement in clinical facilities as a part of their internship. These clinical sites may require students to have proof of health screenings and immunizations records. Students will adhere to each Program’s Clinical Policy as outlined in their Program Handbooks. Central Penn College partners with CastleBranch Inc. to collect, store, and share immunization, health, criminal background, and insurance information for these purposes.
