

## Credit-by-Examination Policies

### Advanced Placement (AP)

The Advanced Placement (AP) Program offered through the College Board offers high school students the opportunity to challenge themselves to gain college credit. Students participating in AP courses can work on gaining the skills and attitudes needed to be successful in college.

Students who receive an AP exam of 3, 4, or 5 will be granted college credit. The table below illustrates the AP examinations, minimum grade required for credit, number of credits, and a corresponding course. Students may transfer a maximum of 12 college credits through AP examinations; the 12 credits may not be used in addition to articulated coursework with high schools or area vocational-technical programs.

### College-Level Examination Program® (CLEP®) exams

Central Penn does accept CLEP examinations for credit in identified areas. However, at this time the college is not a testing center. The closest testing center to the College is: Harrisburg Area Community College, One HACC Drive, Harrisburg, PA 17110.

The credit-granting score of 50 is required for all CLEP examinations in order to gain credit. The course equivalency listing identifies the credit Central Penn will grant for each examination.

A student can obtain a total of 9 credits toward an associate degree and 18 credits toward a bachelor degree through CLEP examinations. This is also applicable to CLEP examinations administered through the Defense Activity for Non-Traditional Education Support (DANTES) program. The total number of credits transferred into a program may not exceed one-half of the degree program. (there has also been a recommendation to increase the number of credits we accept from CLEP examinations to 15 for associates and 30 for bachelors – The College Board indicates: ...”There are 2,900 institutions that grant credit for CLEP and each of them sets its own CLEP policy; in other words, each institution determines for which exams credit is awarded, the scores required and how much credit will be granted.” Please vote on this increase.

#### CLEP for Military Personnel (DANTES)

Central Pennsylvania College awards credit to those eligible military personnel taking CLEP examinations through the Defense Activity for Non-Traditional Education Support (DANTES) program.
