

# Compassionate Care Personalized

Do you have what it takes to assist doctors in delivering compassionate, effective medical care? Central Penn College's Medical Assisting program may be the perfect fit for you! Medical Assisting students will gain practical, real-world experience in our simulated medical office.

How would you like to learn to draw blood, prepare patients for exams, administer medications and injections or even assist with minor surgery? With our Medical Assisting degree, you can.

At Central Penn, you'll learn from experts in the field about everything from bedside manner to patient care. This degree program will help you gain the skills necessary to work in a variety of healthcare facilities and assist doctors.

## Your Potential, Empowered
