

Central Penn College is committed to supporting our community through the annual **CPC Gives Back** initiative. This year, our “**Raise the Roof**” campaign will focus on raising both funds and awareness to address housing insecurity and homelessness, as well as their root causes, in the Central PA region.

To combat the heartbreaking reality of homelessness, Central Penn College is partnering with the following area nonprofits during the Raise the Roof campaign:

- Bethesda Mission (Dauphin County)
- Safe Harbour (Cumberland County)
- Bell Socialization Services (York County)
- Lebanon Rescue Mission (Lebanon County)
- TLC/Veterans’ Victory House (Lancaster County)
- Adams County Shelter for the Homeless-SCCAP (Adams County)
- Perry County Literacy Council (Perry County)

These nonprofits serve the seven main counties that comprise southcentral Pennsylvania. They are changing lives... one person at a time... one family at a time... and we are proud to partner with them.

We hope that your organization will join Central Penn College, as we take on this devastating issue that affects thousands of local families. The goals for the Raise the Roof Campaign are to generate **\$10,000** in monetary donations and collect **3,000** household items.

Please see the enclosed information on Raise the Roof sponsorship opportunities for your organization’s thoughtful consideration.

We are grateful for your assistance with this project. For 140 years, Central Penn College has been an integral part of this community, and we are committed to making a difference.

Together, let’s help individuals and families—right here in Central PA—find safe, affordable and secure housing. Let’s take care of our own!

Sincerely,

Curtis Voelker
