"What I enjoyed most about CPC was their quarter system. It made me easy for me to catch up on classes missed, without feeling overwhelmed. Although the campus and classes were small, the learning ability was incredible. Activities were made for everyone and our and our student government paid attention to requests"

Cultural Diversity

Central Penn College provides our international students with an environment that will help them not only learn, but thrive. International students work with our Designated School Official to ensure an easy transition to life at Central Penn.

Cultural Diversity Center

The Cultural Diversity Center promotes intercultural engagement, diversity support and various multicultural programming offerings. The Center offers a welcoming and inclusive space for our diverse student body to convene, make connections and take advantage of resources. The Center celebrates diversity and inclusion and belonging at Central Penn College.

“My decision to attend Central Penn College as an international student has been validated numerous times. My professors are knowledgeable, supportive, and passionate about their subjects. CPC accelerated term system allowed me to finish my bachelor’s degree in 2 years and get a job in Auditing and Tax Services before graduation. The Knight Community is most notable for its supportive and nurturing community which is designed to enhance the educational experience of students. As a student, CPC values and appreciates my contribution and supports my growth and development. “Cura Personalis”

“As the Principal Designated School Official (PDSO), I provide international student support services that include; Immigration services, cultural adjustment assistance, academic program planning and oversee international student programming.”

Campus Life & Housing

Central Penn offers a wide variety of organizations and clubs with the opportunity to start your own.

Our student center features a dance studio, fitness center, student lounge, 250-seat theatre for performances, and student activities.

“As an international student, I found CPC very supportive. Through all the years, I had support from all of my instructors, and I was reminded that they were there for me. The classroom size was small enough that allowed me to communicate with my classmates and my instructors. I really enjoyed being a student in Central Penn College.”
